Re: Window replacement – December 6, 2011

Dear Lisa,

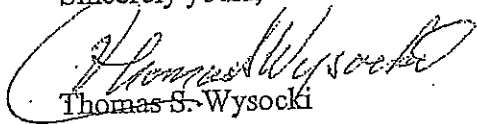

I would like to take this opportunity to commend you on your choice of companies to replace my windows. This was one of the best selections for any work done in or around the complex.

The team that worked on my apartment consisted of Joe, Jose, Dave and Tom. They were courteous, competent and efficient working together as a group and individually. They were absolutely organized and worked with great coordination to achieve an excellent result.

Once again, I feel you made a top notch selection and deserve congratulations.

I'd like to wish you and your family a very Merry Christmas and Happy New Year.

Sincerely yours,

Thomas S. Wysocki
