To Whom It May Concern:

Kelly Window Systems

460 Smith Street

Farmingdale, NY 11735

Good Afternoon All,

Upon completion of our recent project at The Amber Charter School located in East Harlem, I am writing you to inform you how well the project went. From start to finish, with Tom assisting in the pricing out of this project, to Bobby planning the project, to the foreman Phil & his crew who were on site, the project went seamless from start to finish. Kelly Window Systems let us know every step of the way if there were potential issues, which were quickly resolved to keep the project moving and on target to completion which is rare for a project of this size, which replaced all of the 186 windows in the school. It was great to have knowledgeable people working with you & especially on-site which made this job a stress free, well executed project from start to finish. I would highly recommend Kelly Windows to anybody who is looking to have their windows replaced based on this experience, & will be using Kelly Window Systems again.

Sincerely,

Jason Giattino
